1.0 Introduction

This user manual is made to guide users to navigate the **ABE NUAR KERETA SEWA** System. The purpose of this document is to ensure a seamless user experience by offering step-by-step instructions, clear visual aids and a detailed walkthrough of all system functionalities. Whether the user is a customer looking to rent a car or an administrator managing the system operations, this manual serves as the absolute reference point.

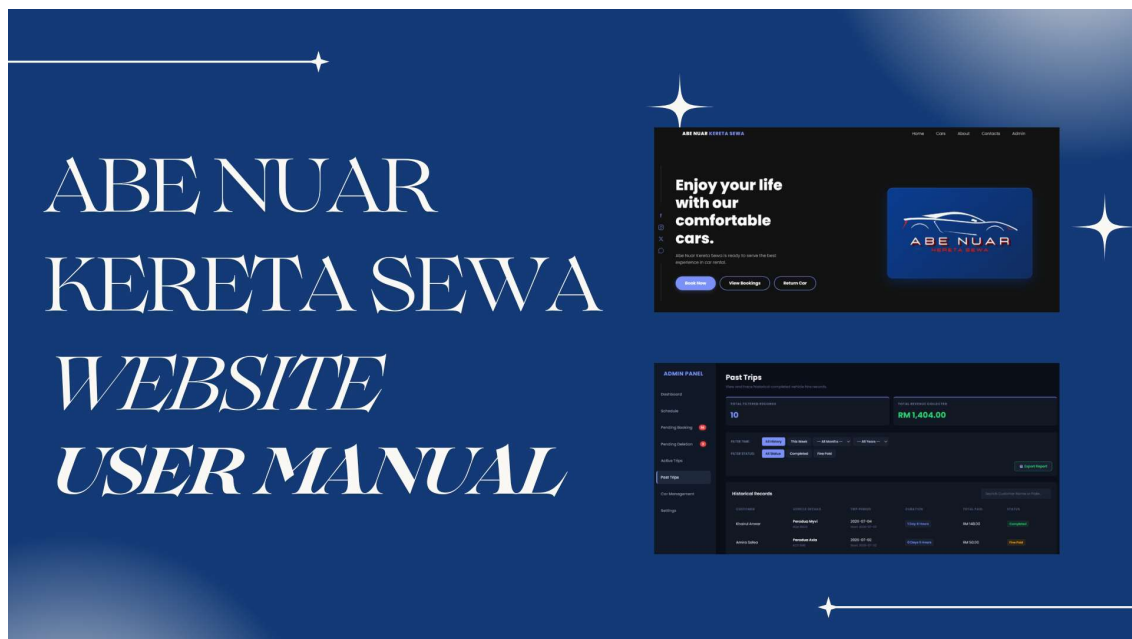

Figure 1.0

2.0 User Manual (Customer)

2.1 Home page

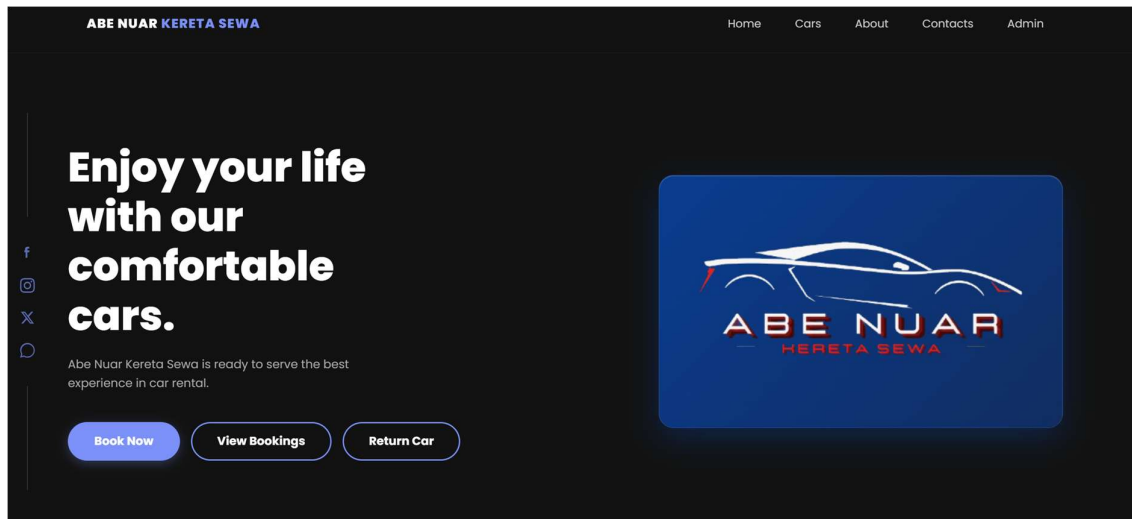

Figure 2.1

When users access the system, the Home Page will appear as shown in figure 2.1

1. Click **"Book Now"**, then you will be redirected to the booking page to make a new reservation.
2. Click **"View Bookings"**, then you will be redirected to the booking list page to view your booking details.
3. Click **"Return Car"**, then a confirmation pop-up message will appear before proceeding with the car return process.

Navigation Buttons:

- Click **"Home"** to return to the Home page.
- Click **"Cars"** to view the list of available rental cars.
- Click **"About"** to view information about Abe Nuar Kereta Sewa.
- Click **"Contacts"** to view the company's contact information.
- Click **"Admin"** to pop-up modal validation.

2.2 Rental Booking

2.2.1 Non-Student

The screenshot shows a web form titled "Car Rental Booking Matrix" with the subtitle "Active Portal Interface - Complete Your Registration Below". The form is divided into several sections:

- SELECT VEHICLE ***: A dropdown menu showing "Perodua MYVI 1.3 - RM 8.00/Day".
- CUSTOMER TYPE ***: A dropdown menu showing "Public / General".
- NAME ***: A text input field with the placeholder "Your full name".
- IDENTIFICATION CARD NUMBER (IC) ***: A text input field with the placeholder "Example: 990220-940000".
- Upload Section**: A button labeled "Click to upload Driver's License Picture *" and a message "No file chosen yet".
- EMAIL ***: A text input field with the placeholder "example@gmail.com".
- CONTACT NO. ***: A text input field with the placeholder "example 0123456789".
- RENT START & END DATES ***: Two date pickers labeled "Start Date" and "End Date".
- PICKUP TIME ***: A time picker.
- DELIVERY / RETURN TIME ***: A time picker.
- TOTAL RENT DAYS**: A button labeled "Auto calculated".
- LIVE ESTIMATED BILLING SUMMARY**: A green box showing "RM 0.00".
- SELECT PICKUP AREA ***: A dropdown menu labeled "Select Destination Area".
- ADDRESS DETAILS ***: A text input field with the placeholder "Enter full street address, apartment, unit, etc..".

Figure 2.2.1

When users select "**Public / General**" as the customer type, the **Non-Student Rental Booking** form will appear as shown in Figure 2.2.1.

1. Select the **Vehicle** and complete the required personal information.
2. Upload a valid **Driver's License** for verification.
3. Enter the rental details, including the **rental period, pickup and return time, pickup area, and address**.
4. Click "**Submit Booking**" to submit the booking request, "**Home**" to return to the Home Page, or "**Clear**" to clear all entered information.

2.2.2 Student

The screenshot shows a web form titled "Car Rental Booking Matrix" with the subtitle "Active Portal Interface - Complete Your Registration Today". The form is for a "Student" customer type. It includes fields for "SELECT VEHICLE" (Perodua MYVI 1st 1.3 - RM 8.00/hour), "NAME" (Your full name), "IDENTIFICATION CARD NUMBER [IC]" (Example: 980202048566), "EMAIL" (client@domain.com), "CONTACT NO." (Example: 0123456789), "RENT START & END DATES" (Start Date, End Date), "PICKUP TIME" (Example: 10:00 AM), "RETURN / RETURNS TIME" (Example: 10:00 AM), "TOTAL RENT DATES" (Auto calculated), "LIVE ESTIMATED BILLING SUMMARY" (RM 0.00), "SELECT PICKUP AREA" (Select destination Area), and "ADDRESS DETAILS" (Enter full street address, apartment, unit, etc.). There are buttons for "Clear", "Home", and "Submit Booking".

Figure 2.2.2.

When users select "**Student**" as the customer type, the **Student Rental Booking** form will appear as shown in Figure 2.2.2.

1. Select the **Vehicle** and complete the required personal information.
2. Upload a valid **Driver's License** for verification.
3. Enter the rental details, including the **rental period, pickup and return time, pickup area, and address**.
4. Click "**Submit Booking**" to submit the booking request, "**Home**" to return to the Home Page, or "**Clear**" to clear all entered information.

2.3 View Booking

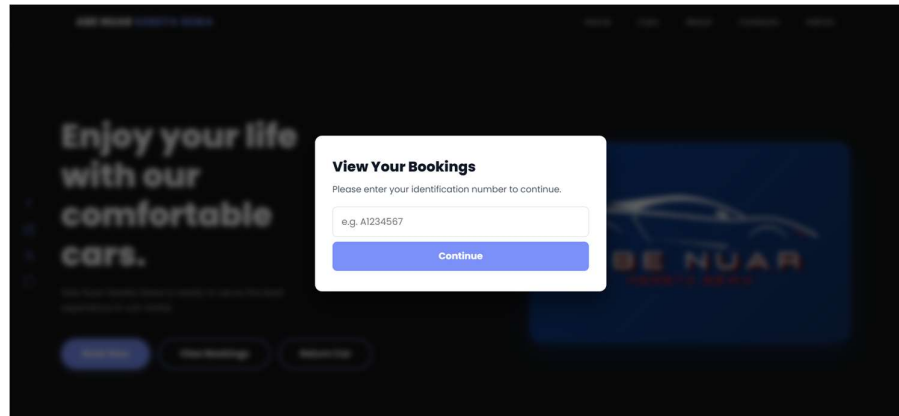

Figure 2.3.

When users click the **View Bookings** button on the Home Page, a pop-up window will appear as shown in Figure 2.3.

1. Enter the **Identification Number (IC/Passport Number)** in the provided field.
2. Click "**Continue**" to view the booking details associated with the entered identification number.

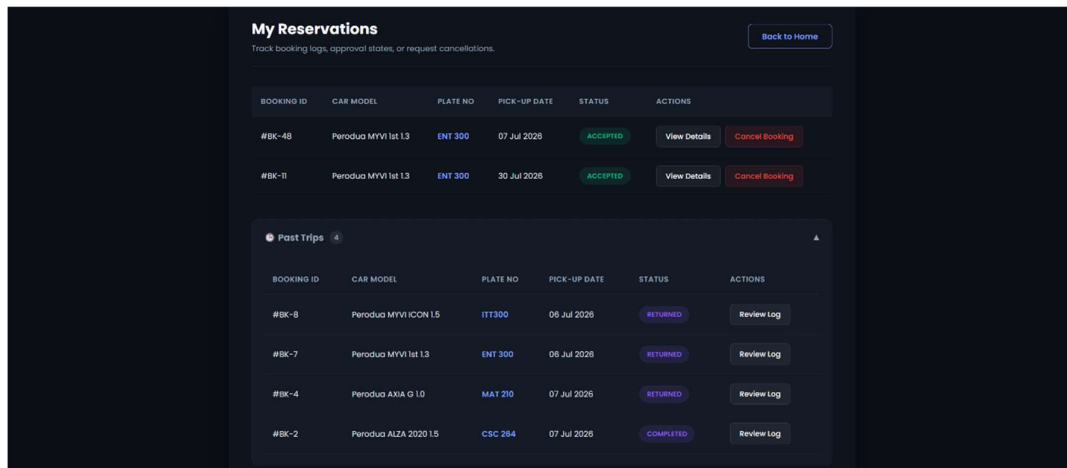

Figure 2.3.1

If the identification number is valid, the **My Bookings** page will appear as shown in Figure 2.2.1

1. The **Bookings** section displays all active bookings made by the user.
2. Click "**View Details**" to view the complete booking details.
3. Click "**Cancel Booking**" to submit a booking deletion request.
4. The **Past Trip** section displays completed booking records.
5. Click '**Review Log**' to view past trip details.
6. Click "**Back to Home**" to return to the Home Page

2.4 Car Return

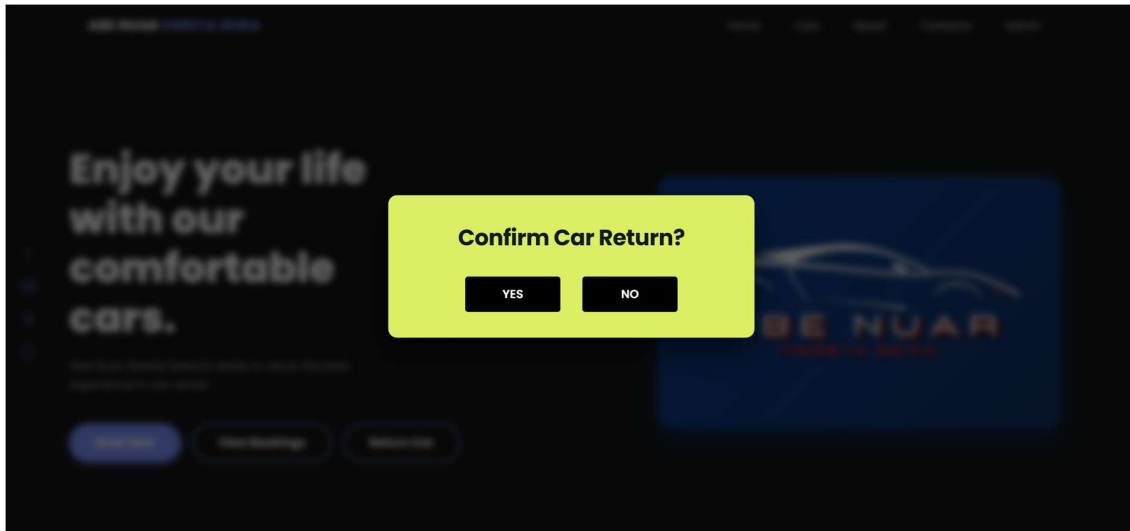

Figure 2.4.

When you click the Return Car button on the home page, a pop-up confirmation message will appear as shown in

1. Click "NO", then the pop-up notification will disappear, and you will remain on the current page.
2. Click "YES", then you will be redirected to the verification page to proceed with the car return.

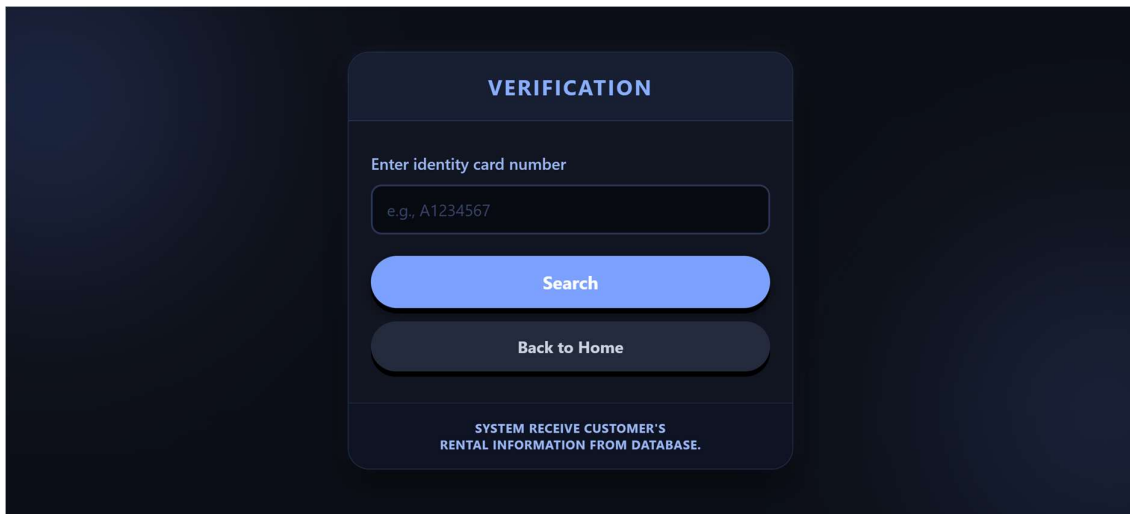

Figure 2.4.

On the Verification page in figure 2.4.1, you must verify your active rental status before proceeding.

1. Enter identity card number into the provided field.
2. Click "Search", then the system will verify your identity and look up any ongoing, active car rental matching your ID number.
 - If a matching active rental is found, you will be redirected to the Return Detail page.
3. Click "Back to Home", if you wish to cancel this process, click this button to return directly to the main homepage.

Return Detail
Complete the form below to process your vehicle return.

BOOKING ID #BK-2	CUSTOMER NAME danla
VEHICLE Perodua ALZA 2020 1.5	PLATE NUMBER CSC 284

Home Print / Save PDF

Figure 2.6.

When the payment has been successfully verified, the **Receipt** page will appear as shown in Figure 2.6.

1. The system will display the transaction receipt, including the **customer information**, **vehicle details**, and **payment summary**.
2. Review the receipt details to ensure all booking information is correct.
3. Click "**Print / Save PDF**" to print the receipt or save it as a PDF file for future reference.
4. Click "**Home**" to return to the Home Page.
5. The receipt serves as proof of a successful booking and payment transaction.

3.0 User Manual (Admin)

3.1 Verification Panel

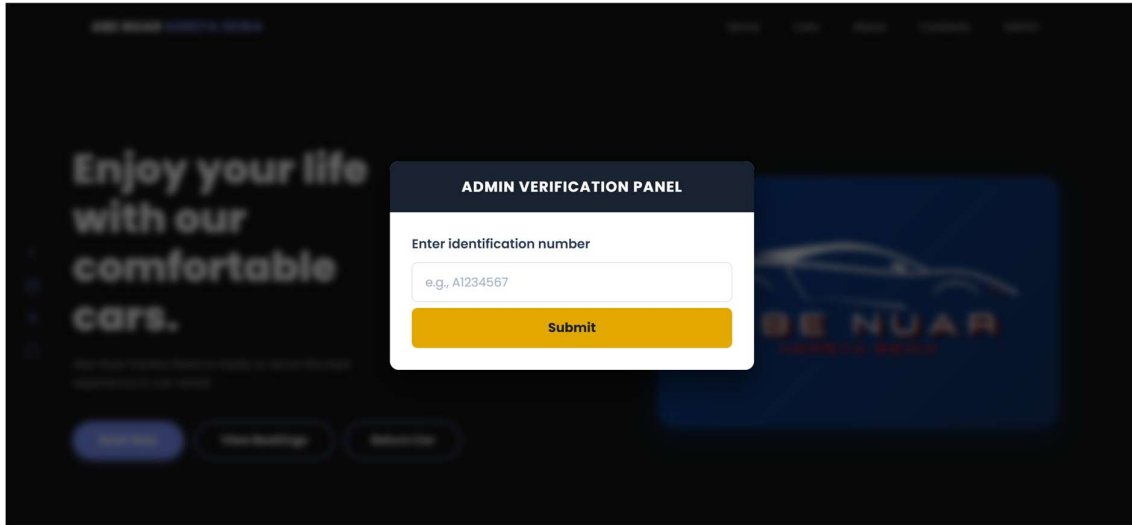

Figure 3.1.

When the administrator accesses the **Verification Panel**, the page will appear as shown in Figure 3.1.

1. Enter the **password** in the provided field (The identification number is to confuse non-admins).
2. Click "**Submit**" to verify the identification number.
3. If the identification number is valid, the system will redirect users to the **Car Return Verification** page.
4. If the identification number is invalid or no booking record is found, an error message will be displayed, and users will be required to enter a valid identification number.

3.2 Dashboard

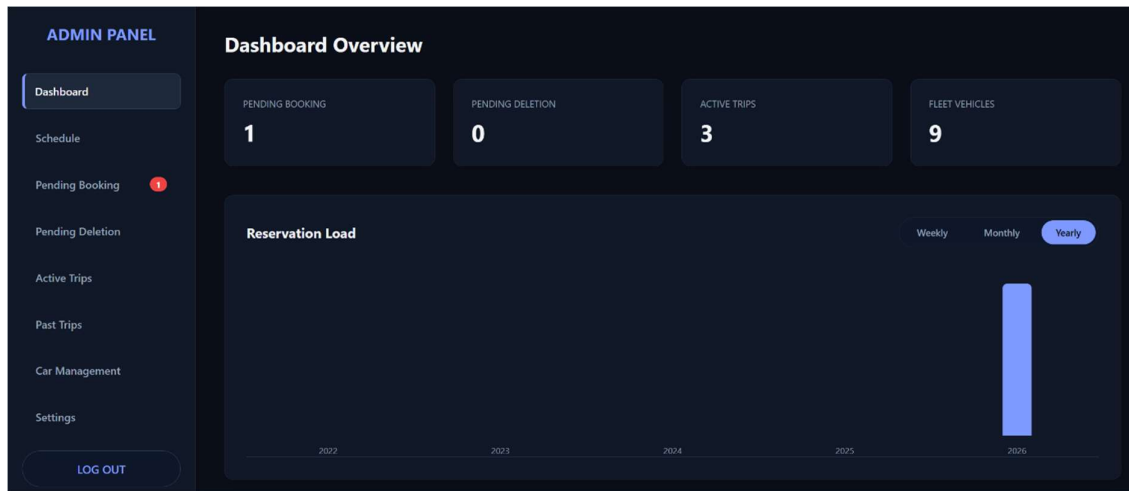

Figure 3.2.

After the administrator successfully logs into the system, the Dashboard page will appear as shown in Figure 3.2. This page provides an overview of the rental management system and allows the administrator to access the main system functions through the navigation menu.

Dashboard Overview:

- **Pending Booking:** Displays the number of booking requests awaiting approval.
- **Pending Deletion:** Displays the number of booking deletion requests awaiting approval.
- **Active Trips:** Displays the number of ongoing rental bookings.
- **Fleet Vehicles:** Displays the total number of cars registered.
- **Total Trips Revenue:** Displays the rental revenue graph.

Navigation Menu:

- **Schedule:** View the vehicle schedule.
- **Pending Booking:** Manage pending booking requests.
- **Pending Deletion:** Review booking deletion requests.
- **Active Trips:** View active rental bookings.
- **Past Trips:** View completed rental records.
- **Car Management:** Manage vehicle information.
- **Settings:** Manage the system settings.
- **Log Out:** Exit the administrator panel and return to the Home Page.

3.3 Schedule

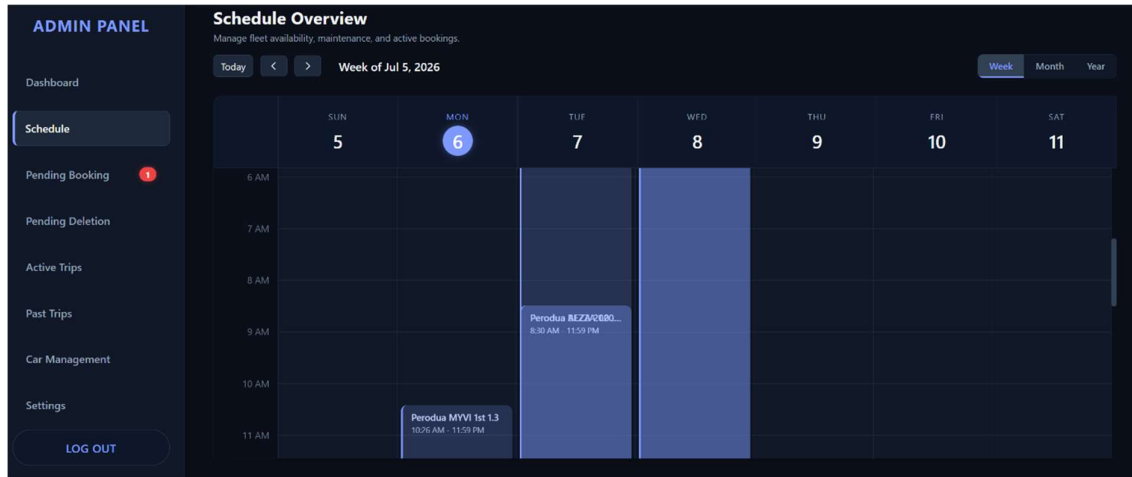

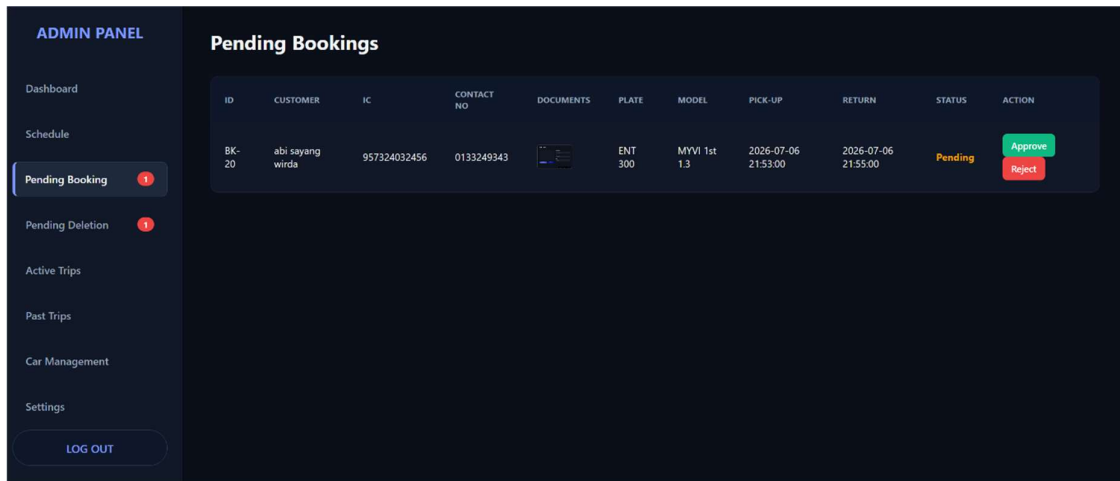

Figure 3.3.

When the administrator clicks the **"Schedule"** navigation menu, the **Schedule** page will appear as shown in Figure 3.3.

1. The system displays all vehicle bookings in a weekly schedule.
2. Click the **left** or **right arrow** to view the previous or next week's schedule.
3. Click **"Today"** to return to the current date.
4. View the booking details displayed on each scheduled vehicle, including the vehicle name, booking time, and booking information.
5. Click **"Week"** to display the schedule in weekly view.
6. Click **"Monthly"** to display the schedule in monthly view.
7. Click **"Yearly"** to display the schedule in Yearly view.

3.4 Pending Booking

ID	CUSTOMER	IC	CONTACT NO	DOCUMENTS	PLATE	MODEL	PICK-UP	RETURN	STATUS	ACTION
BK-20	abi sayang wirda	957324032456	0133249343		ENT 300	MYVI 1st 1.3	2026-07-06 21:53:00	2026-07-06 21:55:00	Pending	<button>Approve</button> <button>Reject</button>

Figure 3.4.

When the administrator clicks the **"Pending Booking"** navigation menu, the **Pending Booking** page will appear as shown in Figure 3.4.

1. The system displays all booking requests that are waiting for administrator approval.
2. Enter a **customer name, IC number, or Booking ID** in the search box to find a specific booking.
3. Review the booking details, including the **Booking ID, Customer Name, IC Number, Contact Number, Vehicle, Pick-up Date & Time, Return Date & Time, and Status**.
4. Click **"Approve"** to approve the selected booking request.
5. Click **"Reject"** to reject the selected booking request.
6. Click the **page number** at the bottom of the table to view additional booking records.

3.5 Pending Deletion

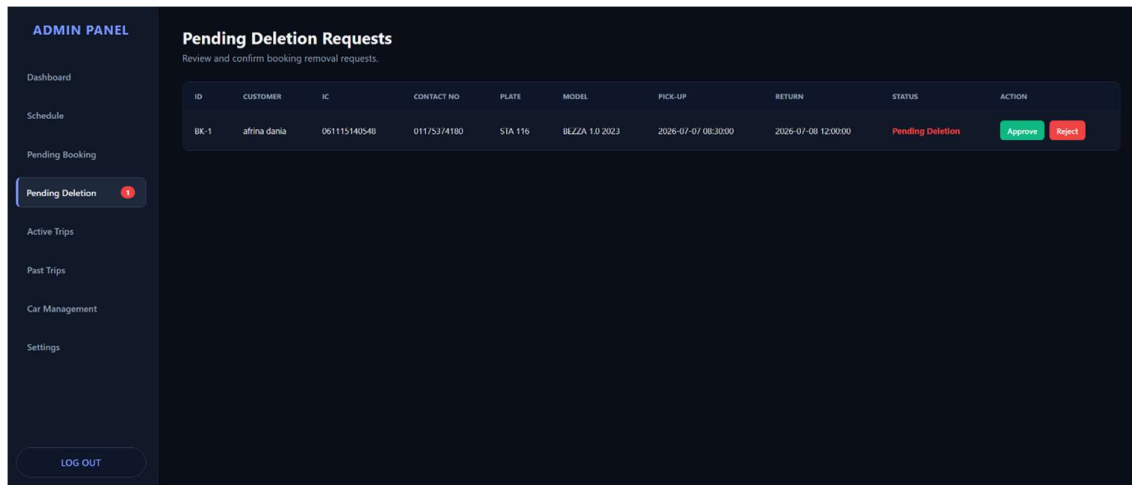

Figure 3.5.

When the administrator clicks the **"Pending Deletion"** navigation menu, the **Pending Deletion** page will appear as shown in Figure 3.5.

1. The system displays all booking deletion requests that are waiting for administrator approval.
2. Use the **Search** bar to quickly find a specific deletion request if required.
3. Review the booking information, including the **IC Number, Contact Number, Vehicle, Pick-up Date & Time, Return Date & Time, Reason, and Request Date.**
4. Click **"Approve"** to approve the booking deletion request.
5. Click **"Reject"** to reject the booking deletion request.
6. Click the **page number** at the bottom of the table to view additional deletion requests.

[LOG OUT](#)

Figure 3.6.

When the administrator clicks the **"Active Trips"** navigation menu, the **Active Trips** page will appear as shown in Figure 3.6.

1. The system displays all active vehicle rental records.
2. View the **Total Out on Road** and the **Current Fine Rate** displayed at the top of the page.
3. Click **"All"**, **"Currently active"**, **"Overdue"** or **"Waiting for pick up"** to filter the active trip records.
4. Use the **Search** bar to quickly find a specific customer or vehicle, if required.
5. Click **"Set Fine/Hour"** to update the hourly fine rate for overdue rentals.
6. Review the active trip details, including the **Customer**, **Vehicle Details**, **Time Remaining**, and **Status**.

3.7 Past Trip

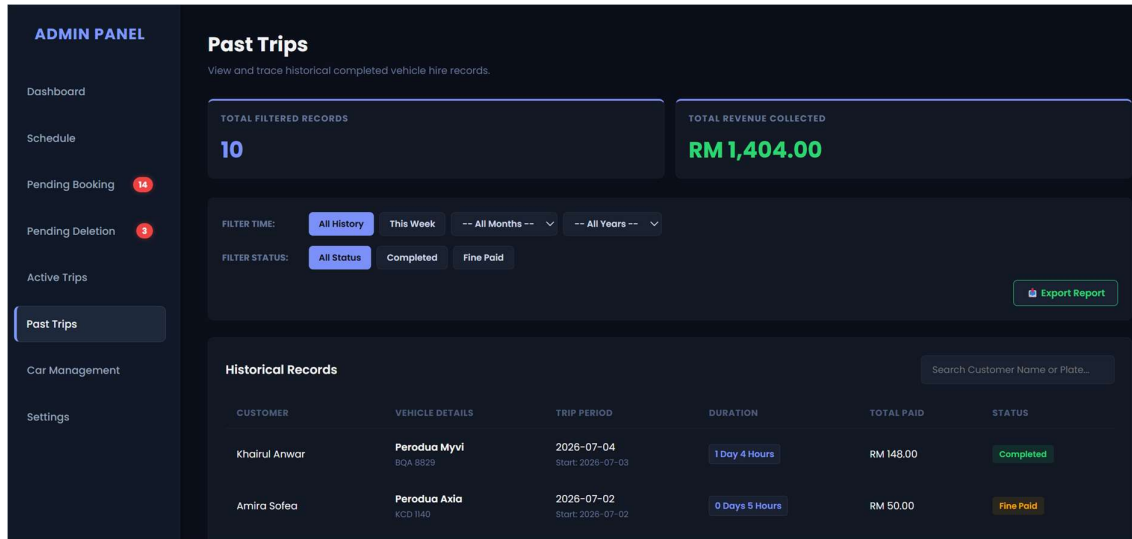

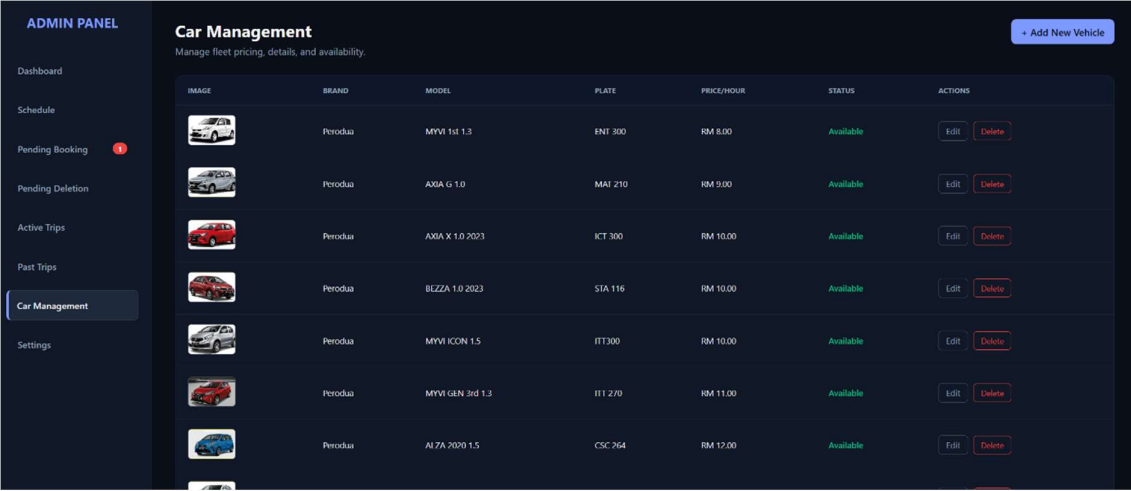

Figure 3.7.

When the administrator clicks the **"Past Trips"** navigation menu, the **Past Trips** page will appear as shown in Figure 3.7.

1. The system displays all completed vehicle rental records.
2. View the **Total Filtered Records** and **Total Revenue Collected** displayed at the top of the page.
3. Use the **Time** and **Status** filters to display specific rental records.
4. Use the **Search** bar to quickly find a specific customer or vehicle, if required.
5. Click **"Export Report"** to generate and download the past trips report.
6. Review the historical records, including the **Customer**, **Vehicle Details**, **Trip Period**, **Duration**, **Total Paid**, and **Status**.

3.8 Car Management

The screenshot displays the 'Car Management' section of an application. On the left is an 'ADMIN PANEL' sidebar with links to Dashboard, Schedule, Pending Booking (with a red notification badge), Pending Deletion, Active Trips, Past Trips, Car Management (highlighted), and Settings. The main content area is titled 'Car Management' with a subtitle 'Manage fleet pricing, details, and availability.' and a '+ Add New Vehicle' button. Below this is a table listing vehicles with columns for IMAGE, BRAND, MODEL, PLATE, PRICE/HOUR, STATUS, and ACTIONS. The table contains 8 rows of data, all with 'Available' status. Each row has 'Edit' and 'Delete' buttons in the ACTIONS column.

IMAGE	BRAND	MODEL	PLATE	PRICE/HOUR	STATUS	ACTIONS
	Petrolua	MYVI 1st 1.3	ENT 300	RM 8.00	Available	Edit Delete
	Petrolua	AXIA G 1.0	MAI 210	RM 9.00	Available	Edit Delete

	Petrolua	MYVI ICON 1.5	ITT300	RM 10.00	Available	Edit Delete
	Petrolua	MYVI GEN 3rd 1.3	ITI 270	RM 11.00	Available	Edit Delete
	Petrolua	AI ZA 2020 1.5	CSC 264	RM 12.00	Available	Edit Delete

Figure 3.8.

When the administrator clicks the **"Car Management"** navigation menu, the **Car Management** page will appear as shown in Figure 3.8.

1. The system displays a list of all registered vehicles, including the **Brand, Model, Plate Number, Price per Hour, and Availability**.
2. Click **"+ Add New Car"** to register a new vehicle in the system.
3. Click the **Edit** icon to update the selected vehicle information.
4. Click the **Delete** icon to remove the selected vehicle from the system.
5. View the **Availability** status of each vehicle, such as **Available, Rented, or Maintenance**.

3.8.1 Add new car

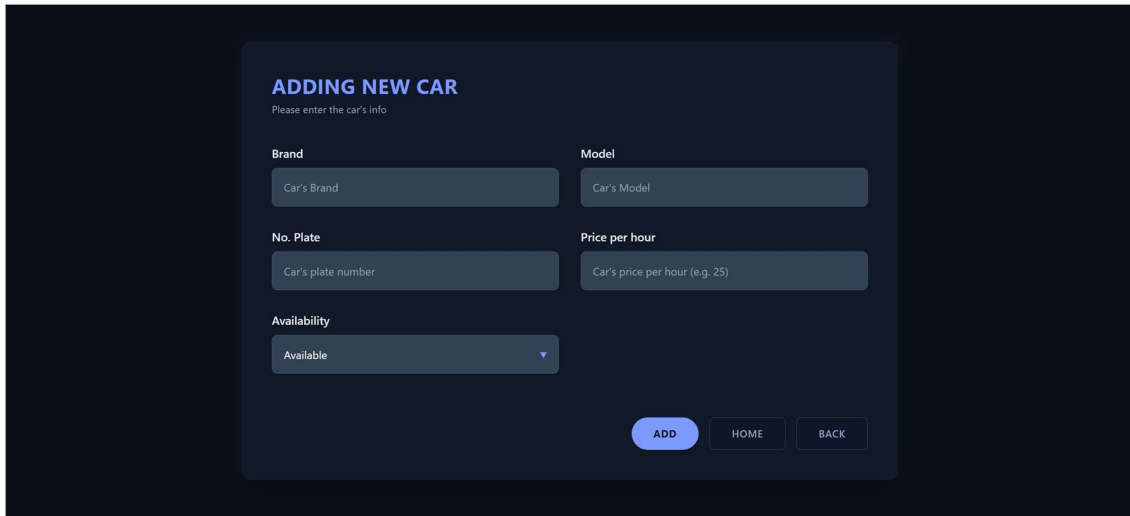

The image shows a dark-themed web form titled "ADDING NEW CAR" with the subtitle "Please enter the car's info". The form contains five input fields: "Brand" (placeholder: "Car's Brand"), "Model" (placeholder: "Car's Model"), "No. Plate" (placeholder: "Car's plate number"), "Price per hour" (placeholder: "Car's price per hour (e.g. 25)"), and "Availability" (a dropdown menu currently showing "Available"). At the bottom right of the form are three buttons: "ADD" (highlighted in blue), "HOME", and "BACK".

Figure 3.8.1.

When the administrator clicks the **"+ Add New Car"** button on the **Car Management** page, the **Add New Car** page will appear as shown in Figure 3.8.1.

1. Enter the **Brand**, **Model**, **Plate Number**, and **Price per Hour** of the vehicle.
2. Select the vehicle **Availability** status from the drop-down list.
3. Click **"Add"** to save the new vehicle information.
4. Click **"Home"** to return to the Dashboard.
5. Click **"Back"** to return to the **Car Management** page without saving the information.

3.9 Admin Settings

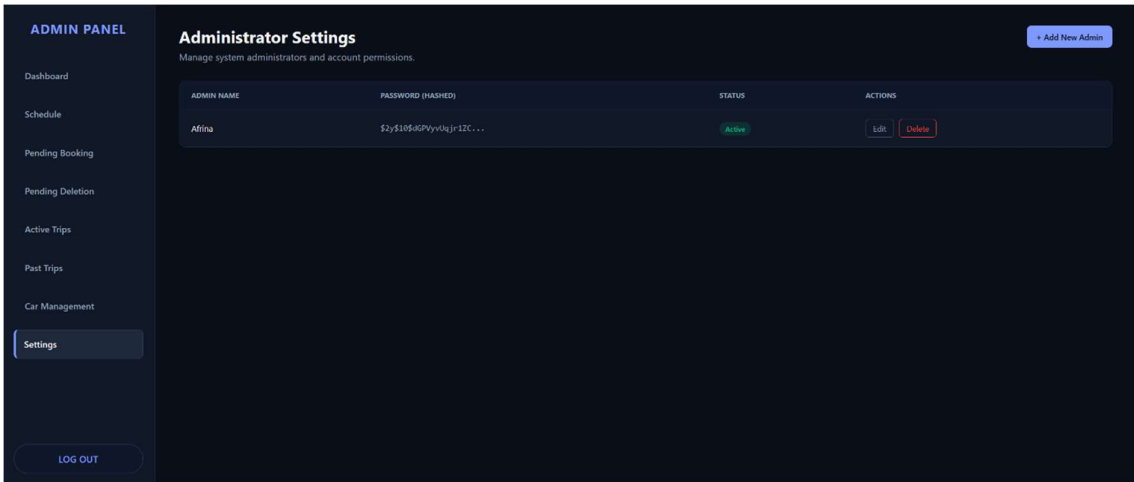

Figure 3.9.

The administrator can manage administrator accounts by clicking the **"Settings"** navigation menu. The **Administrator Settings** page will appear as shown in Figure 3.9.

1. The system displays a list of all administrator accounts, including the **Administrator Name, IC Number, Role, and Status**.
2. Click **"+ Add New Admin"** to register a new administrator account.
3. Click the **Edit** icon to update the selected administrator's information.
4. Click the **Delete** icon to remove the selected administrator account from the system.

3.9.1 Add new admin

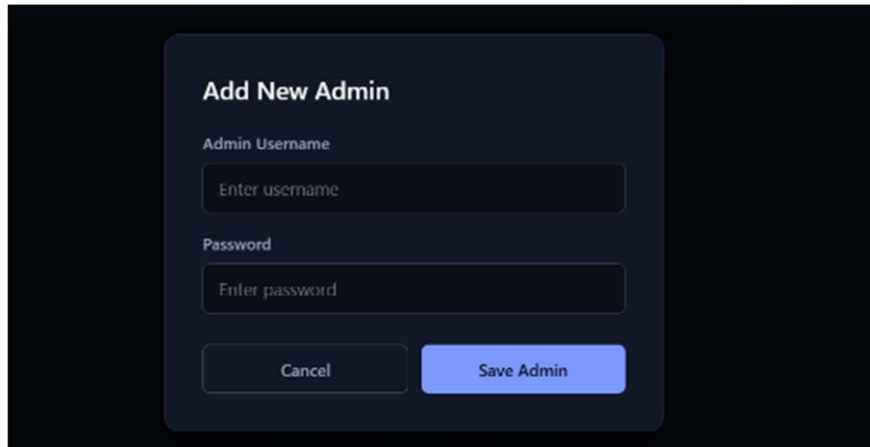

A dark-themed modal dialog box titled "Add New Admin". It contains two input fields: "Admin Username" with a placeholder "Enter username" and "Password" with a placeholder "Enter password". At the bottom, there are two buttons: "Cancel" and "Save Admin". The "Save Admin" button is highlighted in a light blue color, while the "Cancel" button is a darker shade of blue.

Figure 3.9.1.

The administrator can add a new administrator account by clicking the **" + Add New Admin "** button on the **Administrator Settings** page. The **Add New Administrator** window will appear as shown in Figure 3.9.1.

1. Enter the **Administrator Name** and **Password**.
2. Click **"Save Admin"** to create the new administrator account.
3. Click **"Cancel"** to close the window without saving the information.
